## The IDC Difference

IDC (Industrial Design & Construction) is a member of the 11,000-employee owned CH2M HILL family of companies. Founded in 1985 with a focus on the high-tech, food, biotechnology and pharmaceutical industries, today we serve our clients globally. From engineering through complete design-build programs, our portfolio includes pilot plants, R&D labs, office buildings, manufacturing facilities, equipment installations, and cleanrooms.

Whatever the scope or size of a project, IDC's approach is flexible and sensitive to the client's requirements. Our goal is to deliver the best safety-quality-cost-schedule while building a business relationship that continuously delivers greater value.
